

SULTAN DESIRES WAR FORTHWITH

Sends Defiant Letter to Gen. Summer
Defining His Position.

DOESN'T WANT FRIENDSHIP

Talk Him to Case Sending Letters—
His Great Ambition is to Main-
tain Mohammedanism.

Manila, Oct. 12.—The sultan of Baco, Md. Mindanao, has rejected the friendly overtures of Gen. Summer, commander of the American forces in Mindanao, in a defiant letter in which he invites war. The sultan says:

"The sultan of Baco desires war forthwith. He wishes to maintain the religion of Mohammed. Cease sending letters. What we want is war. We do not desire your friendship."

Friendly Moslems report that the sultan of Baco is fortifying his strongholds. He is in possession of many rifles.

It is reported that an American force will be sent from Camp Vickers to capture and reduce the Baco stronghold. It has not been decided when the move is to be made.

Quartered silver dollars are being hoarded in China and circulated here extensively. The suspicion is that the dollars are being hoarded for use in the Philippines.

The low price of silver in the Philippines has caused the makers of this counterfeit money to profit 100 per cent. American silver circulates as gold in the Philippines.

LOLETA ARMOUR WILL WALK

Operation Upon Her Foot Was Successful.

Chicago, Oct. 12.—The operation which Mrs. J. Ogden Armour will undergo will be a simple one, it is believed. She has been a cripple since birth, was performed today by Prof. Ashby, Loretta of the University of Chicago, who pronounced it a complete success.

Prof. Ashby said that he had not the least doubt that the child would be able to walk as well as the healthiest children when the plaster cast shall be removed.

Prof. Lorenz was aided by his assistant, Dr. Friedrich Mueller of Vienna, Dr. Dexter Ashley of New York, who was consulted about two hours before the operation was administered.

Prof. Lorenz will remain in Chicago for 10 days or two weeks, and will see the patient frequently during that time. He expects to make a trip to California on his return, will make his final visit to the little girl. The professor of Chicago will have an opportunity to see Prof. Lorenz perform practically the same operation tomorrow. He will visit a clinic at the College of Physicians and Surgeons and will have four patients who will receive treatment.

HIGHWAYMEN GET AWAY.

Burlington Robbers Distance Their Pursuers.

Lincoln, Neb., Oct. 12.—The four highwaymen who held up a Burlington train yesterday have successfully evaded their pursuers. The heavy rain that fell last night made it impossible to follow the trail and the Burlington railroad detectives and the Lincoln police returned here this morning. Officers in every town that the robbers might visit are on the outlook.

Some of the police are of the opinion that the robbers are either in hiding in the city or not far from here. This view is strengthened by the fact that last night three horses, stolen at Raymond, a town not far from the scene of the hold-up, were ridden hard in a neighborhood near this place and abandoned.

Scholar further is known as to the amount secured from the express. Officials of the road say the hold-up was the best planned in the history of western railroads.

A policeman working on the case said tonight that, according to figures given him by an official of the express company, there was close to \$32,000 belonging to the company in the booty secured by the robbers.

The night a dispatch to the Burlington from the town of Hurler said two men were being detained there. They answered the description of the highwaymen.

CRASHED INTO FREIGHT TRAIN

Engineer and Brakeman Killed and
Fireman Fatally Injured.

Altoona, Pa., Oct. 12.—An express train, running 60 miles an hour, crashed into a freight train on the main line of the Pennsylvania railroad, near Harris, at 2 o'clock this morning. Passenger Train Engineer John Smith and Freight Brakeman Thomas were killed, and Fireman Freeman Black was probably fatally injured.

The locomotive was completely stripped, and a passenger car, baggage car and four coaches, containing 120 passengers, were derailed and broken. The freight train cars caught fire and three were burned. The Pullmans remained on the track and the occupants were uninjured.

The postal clerks, baggage men and passengers in the coaches were all severely shaken up, but none received more than slight bruises except one lady, whose ankle was sprained.

THE HAGUE TRIBUNAL.

It is Accomplishing Important Results for America.

Paris, Oct. 12.—Judge William L. Pennington of the United States state department, who is president of the Hague Tribunal, during the recent sessions of the international court of arbitration at The Hague, has been the focus of much interest in the United States.

Judge Pennington has arrived here, and in the matter may be rendered the greatest service, and that in all events will be given within the present month.

Commenting upon the broad international scope of the Hague Tribunal, the New York Herald Tribune has accomplished important results for America. Arbitration is taking so seriously in Europe as it is in

CATARH OF THE STOMACH.

A Pleasant, Simple, but Safe and Effective Cure for It.

Catarh of the stomach has long been considered the next thing to cholera. The usual symptoms are a full or bloated sensation after eating, accompanied sometimes with sour or water risings, a formation of gas, causing pressure on the heart and lungs and difficult breathing, headaches, sick appetite, nervousness and a general paleness, languid and listless.

There is often a foul taste in the mouth, coated tongue and if the interior of the stomach could be seen it would show a slimy, inflamed condition. The cause of this condition is an obstinate trouble found in a treatment which causes the food to be readily, thoroughly digested before it has time to ferment and irritate the delicate mucous surfaces of the stomach. To secure a prompt and healthy digestion is the one necessary thing to do and when normal digestion is secured the catarrhal condition will have disappeared.

According to Dr. Harrison the safest and best treatment is to use after each meal a tablet, composed of Bismuth, Aseptic Pepsin, a little Nux, Golden Seal and fruit acids. These tablets can now be found at all drug stores under the name of Stuart's Dyspepsia Tablets and not being a patent medicine can be used with perfect safety and assurance that healthy appetite and thorough digestion will follow their regular use after a few meals.

NEW ORLEANS STRIKE SETTLED

Union Agrees Unanimously With the
Governor's Ultimatum.

NEW ORLEANS, Oct. 12.—When parliament reassembles on Thursday Premier Balfour will propose a resolution giving for the remainder of the session precedence to government business at every sitting, says a London dispatch to the Tribune. After this motion has been adopted the debate on the education bill will be resumed on clause 8, which deals with the maintenance of schools and appointment of teachers. The liberal cabinet has carried out its determination to fight the bill line by line, and the sittings may last until Christmas or well beyond it.

TEN HOURS, TWENTY CENTS

Widepread Rejoicing Throughout
The City—Street and Railway Officials Hung in Effigy.

New Orleans, Oct. 12.—The strike of street railway employees, which has effectively blocked traffic on all city lines for two weeks, was settled tonight at 6 o'clock by then non agreeing almost unanimously with the governor's ultimatum. Negotiations which began last night continued until this morning, when the executive board decided to submit the matter to a general meeting of the men this afternoon.

The general basis of the agreement is that the men will go back to work in the morning at 20 cents and 10 hours, with a minimum of seven hours a day, no discrimination to be made against any of the men under charges, and many to be taken back as are needed for the operation of the company's lines. The hitch this morning was on the taking back of the men under charges, but the railway company finally conceded this, allowing the courts to decide the guilt of the men.

The strike for the settlement is largely due to Hon. W. S. Parkinson, who took up the cause of the strikers yesterday morning and labored indefatigably all night and all day convincing them that they could hope for nothing better, and that they could not prevail against the military sent here. United States Senator Foster, Gov. Heard and Mayor Capdeville were all instrumental in some degree, in bringing about the final result.

There is widespread rejoicing over the settlement of the strike. The strike began two weeks ago, and since then a single passenger car has been run more than five blocks from a barn.

This morning the people awoke to find in different parts of the city stuffed figures hanging to telephone and telegraph poles, with all sorts of inscriptions on them. They represented the governor, the mayor and officials of the railway company. Two additional companies of militia arrived this morning.

CREW TURNED MUTINEERS

That of the Dos Hermanas, Cruising in Philippine Waters, Attacked Officers.

Demanded Money of Vessel—Battle Enued in Which Wouldbe Pirates Lost Several Men.

New York, Oct. 13.—The little steamer Dos Hermanas was sent out on a cruise among some of the southern islands by a trading firm a few days before the transport Sherman left Manila, says a Herald dispatch from San Francisco. The steamer reached Virac and anchored in the harbor there. Officers and the few passengers on board were at dinner in the cabin when about 30 of the crew, led by the boatswain, rushed down the gangway armed with knives, hatchets, and clubs, and demanded the money that was on the vessel.

The officers were caught unarmed. The two women passengers fled to their rooms. The captain and men passengers gave the mutineers battle.

The Dos Hermanas was anchored close to the shore and not far away from the consular building. The noise of the fight was heard at the barracks and officers put out to the vessel. They succeeded in boarding after a desperate struggle with the mutineers, several of whom were shot and killed. The others, numbering 34, were arrested, charged with mutiny and piracy.

It is supposed the plan of the mutineers was to kill all the officers, run away with the steamer, take the \$15,000 which was aboard and then wreck the ship and declare all were lost except themselves.

AT THE WHITE HOUSE.

Senator Quay Confers with the President.

Washington, Oct. 12.—Senator Quay of Pennsylvania was in the city today and at the close of the conference the statement was made that there was "nothing to say." Of course it was known that the situation, but what information he conveyed or what suggestions he received cannot be stated. The senator departed immediately after the conference for Philadelphia. Little information as to the strike situation could be obtained in Washington today.

It is understood that the operators are glad to have their side of the case laid before the president, especially the work they are doing to supply coal. It is said that they have divided the country into districts and will attempt to equalize the supply so that no one community will suffer; also that the railroads will make similar arrangements to handle soft coal so as to supply all who can make use of it in place of the anthracite.

Secy. Root, who returned to Washington today, refused to discuss his interview with J. P. Morgan any further than to say that he did not carry a message from the president to Mr. Morgan and did not telegraph the president from New York as has been stated.

Secy. Root spent some time at the temporary White House tonight in consultation with the president regarding the coal strike. Nothing could be ascertained as to what took place, the secretary declining to say anything about his visit and the other members of the White House staff equally reticent.

Heavy Storm Strikes Lafayette, Ind.

Lafayette, Ind., Oct. 12.—A severe windstorm and a deluge of rain struck this city late tonight. South of the city many barns and outbuildings were blown down. The city streets were flooded and signs and decorations for the fall festival were destroyed.

Postoffice Robbers Arrested.

Los Angeles, Cal., Oct. 13.—When on Oct. 2 the detectives took into custody Wm. Elery, alias Joe Zelders, alias Thomas Keegan; C. J. McVie, alias Morrissey and M. E. Evinson, accused of robbing a mail postoffice in various parts of southern California, they realized that they had made a big catch. The real importance of the capture, however, has just become known. The gang is now known to the police throughout the United States. There is

APPEAL FOR AID FOR THE STRIKERS

Issued by Executive Committee of
American Federation of Labor.

WASHINGTON, Oct. 11.—The executive committee of the American Federation of Labor appeals to people to contribute to aid of striking miners. To that end it is suggested that:

WANT COMMITTEES FORMED

By Business, Professional and Public Men to Solicit Financial and Other Contributions.

Washington, Oct. 11.—The executive committee of the American Federation of Labor appeals to people to contribute to aid of striking miners. To that end it is suggested that:

"First—In each city and town, business, professional and public men form relief committees to solicit financial and other contributions.

"Second—The hour between 10 and 11 o'clock of each Monday morning during the continuance of the strike is designated as 'Miners' hour,' and the wages earned during that hour by the working people of our country be contributed to the miners.

"Third—Miners of the gospel of all denominations make a special plea to their respective congregations each Sabbath morning in behalf of the miners, their wives and children, and that they constitute themselves into relief committees among their respective parishioners.

"Fourth—The daily, weekly and labor press solicit contributions from the readers. Entertainments may be arranged and contributions from unions and other organized bodies be solicited.

"Fifth—The daily, weekly and labor press solicit contributions from the readers. Entertainments may be arranged and contributions from unions and other organized bodies be solicited.

"Sixth—The daily, weekly and labor press solicit contributions from the readers. Entertainments may be arranged and contributions from unions and other organized bodies be solicited.

"Seventh—The daily, weekly and labor press solicit contributions from the readers. Entertainments may be arranged and contributions from unions and other organized bodies be solicited.

"Eighth—The daily, weekly and labor press solicit contributions from the readers. Entertainments may be arranged and contributions from unions and other organized bodies be solicited.

"Ninth—The daily, weekly and labor press solicit contributions from the readers. Entertainments may be arranged and contributions from unions and other organized bodies be solicited.

"Tenth—The daily, weekly and labor press solicit contributions from the readers. Entertainments may be arranged and contributions from unions and other organized bodies be solicited.

"Eleventh—The daily, weekly and labor press solicit contributions from the readers. Entertainments may be arranged and contributions from unions and other organized bodies be solicited.

"Twelfth—The daily, weekly and labor press solicit contributions from the readers. Entertainments may be arranged and contributions from unions and other organized bodies be solicited.

"Thirteenth—The daily, weekly and labor press solicit contributions from the readers. Entertainments may be arranged and contributions from unions and other organized bodies be solicited.

"Fourteenth—The daily, weekly and labor press solicit contributions from the readers. Entertainments may be arranged and contributions from unions and other organized bodies be solicited.

"Fifteenth—The daily, weekly and labor press solicit contributions from the readers. Entertainments may be arranged and contributions from unions and other organized bodies be solicited.

"Sixteenth—The daily, weekly and labor press solicit contributions from the readers. Entertainments may be arranged and contributions from unions and other organized bodies be solicited.

"Seventeenth—The daily, weekly and labor press solicit contributions from the readers. Entertainments may be arranged and contributions from unions and other organized bodies be solicited.

"Eighteenth—The daily, weekly and labor press solicit contributions from the readers. Entertainments may be arranged and contributions from unions and other organized bodies be solicited.

"Nineteenth—The daily, weekly and labor press solicit contributions from the readers. Entertainments may be arranged and contributions from unions and other organized bodies be solicited.

"Twentieth—The daily, weekly and labor press solicit contributions from the readers. Entertainments may be arranged and contributions from unions and other organized bodies be solicited.

"Twenty-first—The daily, weekly and labor press solicit contributions from the readers. Entertainments may be arranged and contributions from unions and other organized bodies be solicited.

"Twenty-second—The daily, weekly and labor press solicit contributions from the readers. Entertainments may be arranged and contributions from unions and other organized bodies be solicited.

"Twenty-third—The daily, weekly and labor press solicit contributions from the readers. Entertainments may be arranged and contributions from unions and other organized bodies be solicited.

"Twenty-fourth—The daily, weekly and labor press solicit contributions from the readers. Entertainments may be arranged and contributions from unions and other organized bodies be solicited.

"Twenty-fifth—The daily, weekly and labor press solicit contributions from the readers. Entertainments may be arranged and contributions from unions and other organized bodies be solicited.

"Twenty-sixth—The daily, weekly and labor press solicit contributions from the readers. Entertainments may be arranged and contributions from unions and other organized bodies be solicited.

"Twenty-seventh—The daily, weekly and labor press solicit contributions from the readers. Entertainments may be arranged and contributions from unions and other organized bodies be solicited.

"Twenty-eighth—The daily, weekly and labor press solicit contributions from the readers. Entertainments may be arranged and contributions from unions and other organized bodies be solicited.

"Twenty-ninth—The daily, weekly and labor press solicit contributions from the readers. Entertainments may be arranged and contributions from unions and other organized bodies be solicited.

"Thirtieth—The daily, weekly and labor press solicit contributions from the readers. Entertainments may be arranged and contributions from unions and other organized bodies be solicited.

"Thirty-first—The daily, weekly and labor press solicit contributions from the readers. Entertainments may be arranged and contributions from unions and other organized bodies be solicited.

"Thirty-second—The daily, weekly and labor press solicit contributions from the readers. Entertainments may be arranged and contributions from unions and other organized bodies be solicited.
